The complaint of Daniel David Zuck
 against the FBI. The FBI is strongly
 suspected by me (Daniel David Zuck) of
 operating under a secret search warrant
 and investigating me with subtle but
 abusive psychological techniques. I have
 evidence kept by a retired Judge
 with which I have communicated to back-
 packs of evidence documenting this
 psychological abuse, but the chief document
 (a 20 page document) is attached to this document (complaint).
 My main concern is immediately urgent
 in that I believe a sitting judge
 prohibits collection of that evidence
 from the retired judge, that evidence
 may unavailable due to being classified
 by the FBI upon collection. The FBI
 is the crime maker, and they will obstruct
 justice if they collect this evidence.
 This is an emergency! A sitting judge
 must protect this evidence Before Mar
 14th, or it may be unjustly collected.

I do have a lawyer, Page 2 of 2
 but In my opinion he has been
 intimidated by the FBI and is infact
 likely cooperating with FBI.

His name is Charles Bradley
 Patton, 760-438-3636

Fax 760-438-9700 Mr. Patton

Knowes how to contact the
 retired judge holding my evidence.

That judge's name is "Rinerize" (sp?)

Please, judge, who ever you are,
 block the FBI from collecting
 that evidence! before Mar 17th.

Psychological Manipulation of Suspects by FBI and the Psychological Pain Thereof

My name is Daniel David Zuck, born 12/14/57. Due to an unidentified false accusation against me (see the later section of this document where I state some of my life history and how I got into this situation of being investigated by the FBI via a secret search warrant), I have been subject to a psychologically based investigation whereby the FBI is attempting to justify some accusation against me that must have something to do with pedophilia, to the best of my speculation--do not immediately fault me; please read my life history that lead up to this situation before you wrongly assume I must be guilty of something; this life history is a large section at the end of this document. The reason that I am writing this document is to expose these psychologically based techniques because I have experienced them as a form of deep psychological torture, and because these techniques amount to coercion and go very far beyond any just method of determining guilt or innocence in regards to any charged criminal action. These techniques are very benign looking to any observer on the outside, and a core theme to the techniques is the manipulation of the emotion of fear. Now, does fear of the police always imply that the person who is doing the fearing is guilty of something. Consider the fear of a surgeon who is known to make errors in the past, and you are being forced to submit to a difficult procedure done by the surgeon. Furthermore, what if the surgeon had a family relationship with your family that was unfriendly. His attitude just might let him make a deadly or harmful mistake. This is the situation with the FBI. Their attitude must be incorrect, since their use of the principles of the psychology of fear includes a presumption of guilt. The reason I say this is because their use of the principles of the psychology of fear are actually very psychologically painful, even as water torture is in fact very painful psychologically. No person viewing water torture would think that such a thing is psychologically painful if they have no understanding of psychology--it is just little drops of water, how could that hurt? But, subject such a foolish person to the water torture himself, then he will begin to understand. Because torture is such an evil thing, we here in the United States know such a thing should not be done to suspects before guilt is fully determined in a proper court of law. If someone falsely accused you of something, and if the FBI decided to psychologically torture you with water torture to see if they could force a confession, that would be very unjust. Now, you might take the foolish view that you have done anything wrong, and so such a thing would never happen to you. This is a rather stupid statement, and you are being an utter fool. Do you not know that there are many, many people who lie in this world? Or, are you putting on rose colored glasses and supposing that some of these many liars in the world around you would never falsely accuse you? If one of these liars hates you, he just might accuse you of molesting his little girl, and seek to blackmail much money from you, or he may even be seeking to put you into prison, simply because he hates you --and all he has to do is cause the FBI to believe his lie and then have the FBI subject you to psychological water torture indefinitely until you confess to something in fact that you did not do. This senario is all together possible because this psychological torture is being used by the FBI before they have proven that you are guilty. If the law of our country prevented the use of torture before the establishment of guilt, then this evil situation could not have come upon you, as long as the FBI reasonably held to that law.

his approach imposes the suffering that should be done to a person only *after* said person has been found guilty. Torturing should not be used as a means of gathering a

This particular 3-ring binder, Notebook #1, ^{3-ring binder} ²¹¹
contains 242 paginated pages. ²¹¹
It also contains 10 plastic jackets
holding original faxes sent to
my lawyer C. Bradley Patton
that as a set document fairly
well my effort to get evidence
of FBI misconduct protected from
FBI seizure. This evidence
was delivered to a retired Judge
Rameriz (Sp?) that Mr. Patton
~~he~~ knew and which was represented
to me as able to protect that
evidence from the FBI. At a later
date I became suspicious that
Infact Judge Rameriz either did
not intend on protecting that evidence
from the FBI or at least could not
do so. So I filed Lawsuit 08CV476 H LSP
on Mar 14th 2008 ~~at~~ ⁱⁿ United
States District Court California
South as my own representative.
This I did in an attempt to
protect that evidence and to
ensure my free speech rights
to show to the world the great
evils that the FBI does to
people. →

in this spiral bound white notebook I have my Left hand print underneath the page # in black

Because this evidence I believe is highly damning to the FBI the FBI is consequently intent on interfering with my ability to make this material known. There are four other white spiral bound notebooks with the same 212 paginated pages with all the same evidence in those pages.

Also there are five Blue notebooks that document more such damning evidence of the FBI's evil invitation techniques using a form of Psychological techniques that are best understood as fear-accumulation techniques delivered in a drip-drip water feature like fashion that can continue for years leading to advanced schizophrenia in people who otherwise would never be gotten sick. The FBI destroys people's lives with these techniques. The white notebooks document these techniques with a document I wrote entitled Psychological Manipulation of Suspects by FBI and the Psychological Pain Thereof. Sep 19th, 2007 and authored by me, Daniel David Zuck.

3

This document "Psychological Manipulation of Suspects by FBI and the Psychological Pain Thereof" was written is recorded in the original filing of this lawsuit D82CV476H-50 and is included in the white binders of pages 144 thru 163, 20 pages.

The following is a rough itemization of the pages in the white notebooks.

* Pages 1-24 are digital-camera-copied reprints of the original pages in Jackets 1-10. Only notebook #1 has these jackets. Notebooks #2-#5 all have these digital-camera-copied reprints of these original pages.

* Pages 25-57 are digital camera copies of pictures of pages of a backup notebook for the first of three deliveries of evidence to the retired Judge. That first delivery of evidence was in the form of a back-pack. Note that pages 29-30 give an itemization of that original delivery of evidence. Page 28 shows the front cover of this backup notebook with a manilla envelope. That envelope contains a data DVD documenting the picture and evidence electronically as electronic jpeg files and *.doc word processor files etc. . .

What Social Security Means to You

This *Social Security Statement* will help you understand what Social Security means to you and your family. This *Statement* can help you better plan for your financial future. It gives you estimates of your Social Security benefits under current law. Each year, we will send you an updated *Statement* including your latest reported earnings.

Be sure to read this *Statement* carefully. If you think there may be a mistake, please let us know. That's important because your benefits will be based on our record of your lifetime earnings. We recommend you keep a copy of this *Statement* with your financial records.

Social Security is for people of all ages ...

It can help you whether you're young or old, male or female, single or with a family. It's there for you when you retire, but it's more than a retirement program. Social Security also can provide benefits if you become disabled and help support your family when you die.

Work to build a secure future ...

Social Security is the largest source of income for most elderly Americans today. It is very important to remember that Social Security was never intended to be your only source of income when you retire. Social Security can't do it all. You also will need other savings, investments, pensions or retirement accounts to make sure you have enough money to live comfortably when you retire.

About Social Security's future ...

Social Security is a compact between generations. For more than 60 years, America has kept the promise of security for its workers and their families. But now, the Social Security system is facing serious future financial problems, and action is needed soon to make sure that the system is sound when today's younger workers are ready for retirement.

Today there are almost 36 million Americans age 65 or older. Their Social Security retirement benefits are funded by today's workers and their employers who jointly pay Social Security taxes — just as the money they paid into Social Security was used to pay benefits to those who retired before them. Unless action is taken soon to strengthen Social Security, in just 12 years we will begin paying more in benefits than we collect in taxes. Without changes, by 2041 the Social Security Trust Fund will be exhausted.* By then, the number of Americans 65 or older is expected to have doubled. There won't be enough younger people working to pay all of the benefits owed to those who are retiring. At that point, there will be enough money to pay only about 74 cents for each dollar of scheduled benefits. We will need to resolve these issues soon to make sure Social Security continues to provide a foundation of protection for future generations as it has done in the past.

Social Security On The Net ...

Visit www.socialsecurity.gov on the Internet to learn more about Social Security. You can read our publications, use the *Social Security Benefit Calculators* to calculate future benefits, apply for retirement, spouse's or disability benefits, or subscribe to *eNews* for up-to-date information about Social Security.

Your Estimated Benefits

To qualify for benefits, you earn "credits" through your work — up to four each year. This year, for example, you earn one credit for each \$920 of wages or self-employment income. When you've earned \$3,680, you've earned your four credits for the year. Most people need 40 credits, earned over their working lifetime, to receive retirement benefits. For disability and survivors benefits, young people need fewer credits to be eligible.

We checked your records to see whether you have earned enough credits to qualify for benefits. If you haven't earned enough yet to qualify for any type of benefit, we can't give you a benefit estimate now. If you continue to work, we'll give you a benefit estimate when you do qualify.

What we assumed — If you have enough work credits, we estimated your benefit amounts using your average earnings over your working lifetime. For 2005 and later (up to retirement age), we assumed you'll continue to work and make about the same as you did in 2003 or 2004. We also included credits we assumed you earned last year and this year.

We can't provide your actual benefit amount until you apply for benefits. **And that amount may differ from the estimates stated below because:**

(1) Your earnings may increase or decrease in the future.
(2) Your estimated benefits are based on current law.

The law governing benefit amounts may change.*

(3) Your benefit amount may be affected by **military service, railroad employment or pensions earned through work on which you did not pay Social Security tax.** Visit www.socialsecurity.gov/mystatement to see whether your Social Security benefit amount will be affected.

Generally, estimates for older workers are more accurate than those for younger workers because they're based on a longer earnings history with fewer uncertainties such as earnings fluctuations and future law changes.

These estimates are in today's dollars. After you start receiving benefits, they will be adjusted for cost-of-living increases.

▼ ***Retirement** You have earned enough credits to qualify for benefits. At your current earnings rate, if you stop working and start receiving benefits...

At age 62, your payment would be about \$ 1,266 a month

If you continue working until...

your full retirement age (66 and 6 months), your payment would be about .. \$ 1,823 a month

age 70, your payment would be about \$ 2,359 a month

▼ ***Disability** You have earned enough credits to qualify for benefits. If you become disabled right now...

Your payment would be about \$ 1,640 a month

▼ ***Family** If you get retirement or disability benefits, your spouse and children also may qualify for benefits.

▼ ***Survivors** You have earned enough credits for your family to receive the following benefits if you die this year.

Your child \$ 1,255 a month

Your spouse who is caring for your child \$ 1,255 a month

Your spouse who reaches full retirement age \$ 1,674 a month

Total family benefits cannot be more than \$ 2,929 a month

Your spouse or minor child may be eligible for a special one-time death benefit of \$255.

▼ **Medicare** You have earned enough credits to qualify for Medicare at age 65. Even if you do not retire at age 65, be sure to contact Social Security three months before your 65th birthday to enroll in Medicare.

***Your estimated benefits are based on current law. Congress has made changes to the law in the past and can do so at any time. The law governing benefit amounts may change because, by 2041, the payroll taxes collected will be enough to pay only about 74 percent of scheduled benefits.**

We based your benefit estimates on these facts:

Your date of birth December 14, 1957

Your estimated taxable earnings per year after 2004 \$70,194

Your Social Security number (only the last four digits are shown to help prevent identity theft) XXX-XX-8203

Help Us Keep Your Earnings Record Accurate

You, your employer and Social Security share responsibility for the accuracy of your earnings record. Since you began working, we recorded your reported earnings under your name and Social Security number. We have updated your record each time your employer (or you, if you're self-employed) reported your earnings.

Remember, it's your earnings, not the amount of taxes you paid or the number of credits you've earned, that determine your benefit amount. When we figure that amount, we base it on your average earnings over your lifetime. If our records are wrong, you may not receive all the benefits to which you are entitled.

▼ **Review this chart carefully** using your own records to make sure our information is correct and that we've recorded each year you worked. You're the only person who can look at the earnings chart and know whether it is complete and correct.

Some or all of your earnings from **last year** may not be shown on your *Statement*. It could be that we still were processing last year's earnings reports

when your *Statement* was prepared. Your complete earnings for last year will be shown on next year's *Statement*. **Note:** If you worked for more than one employer during any year, or if you had both earnings and self-employment income, we combined your earnings for the year.

▼ **There's a limit on the amount of earnings on which you pay Social Security taxes each year.** The limit increases yearly. Earnings above the limit will not appear on your earnings chart as Social Security earnings. (For Medicare taxes, the maximum earnings amount began rising in 1991. Since 1994, all of your earnings are taxed for Medicare.)

▼ **Call us right away at 1-800-772-1213** (7 a.m.–7 p.m. your local time) if any earnings for years **before last year** are shown incorrectly. If possible, have your W-2 or tax return for those years available. (If you live outside the U.S., follow the directions at the bottom of Page 4.)

Note: You currently pay 6.2 percent of your salary, up to \$90,000, in Social Security taxes and 1.45 percent in Medicare taxes on your entire salary. Your employer also pays 6.2 percent in Social Security taxes and 1.45 percent in Medicare taxes for you. If you are self-employed, you pay the combined employee and employer amount of 12.4 percent in Social Security taxes and 2.9 percent in Medicare taxes on your net earnings.

Some Facts About Social Security

About Social Security and Medicare ...

Social Security pays retirement, disability, family and survivors benefits. Medicare, a separate program run by the Centers for Medicare and Medicaid Services, helps pay for inpatient hospital care, nursing care, doctors' fees and other medical services and supplies to people age 65 and older, or to people who have been receiving Social Security disability benefits for two years or more. Your Social Security covered earnings qualify you for both programs. For more information about Medicare, visit www.medicare.gov or call **1-800-633-4227 (TTY 1-877-486-2048)** if you are deaf or hard of hearing.

Here are some facts about Social Security benefits:

- ▼ **Retirement** — If you were born before 1938, your full retirement age is 65. Because of a 1983 change in the law, the full retirement age will increase gradually to 67 for people born in 1960 or later. Some people retire before their full retirement age. You can retire as early as age 62 and take your benefits at a reduced rate. If you continue working after your full retirement age, you can receive higher benefits because of additional earnings and special credits for delayed retirement.
- ▼ **Disability** — If you become disabled before full retirement age, you can receive disability benefits after six months if you have:
 - enough credits from earnings (depending on your age, you must have earned six to 20 of your credits in the three to 10 years before you became disabled); and
 - a physical or mental impairment that's expected to prevent you from doing "substantial" work for a year or more or result in death.
- ▼ **Family** — If you're eligible for disability or retirement benefits, your current or divorced spouse, minor children or adult children disabled before age 22 also may receive benefits. Each may qualify for up to about 50 percent of your benefit amount. The total amount depends on how many family members qualify.
- ▼ **Survivors** — When you die, certain members of your family may be eligible for benefits:
 - your spouse age 60 or older (50 or older if disabled, or any age if caring for your children younger than age 16); and
 - your children if unmarried and younger than age 18, still in school and younger than 19 years old, or adult children disabled before age 22.
 If you are divorced, your ex-spouse could be eligible for a widow's or widower's benefit on your record when you die.

Receive benefits and still work ...

You can continue to work and still get retirement or survivors benefits. If you're younger than your full retirement age, there are limits on how much you can earn without affecting your benefit amount. The limits change each year. When you apply for benefits, we'll tell you what the limits are at that time and whether work would affect your monthly benefits. When you reach full retirement age, the earnings limits no longer apply.

Before you decide to retire ...

Think about your benefits for the long term. Everyone's situation is different. For example, be sure to consider the advantages and disadvantages of early retirement. If you choose to receive benefits before you reach full retirement age, your benefits will be permanently reduced. However, you'll receive benefits for a longer period of time.

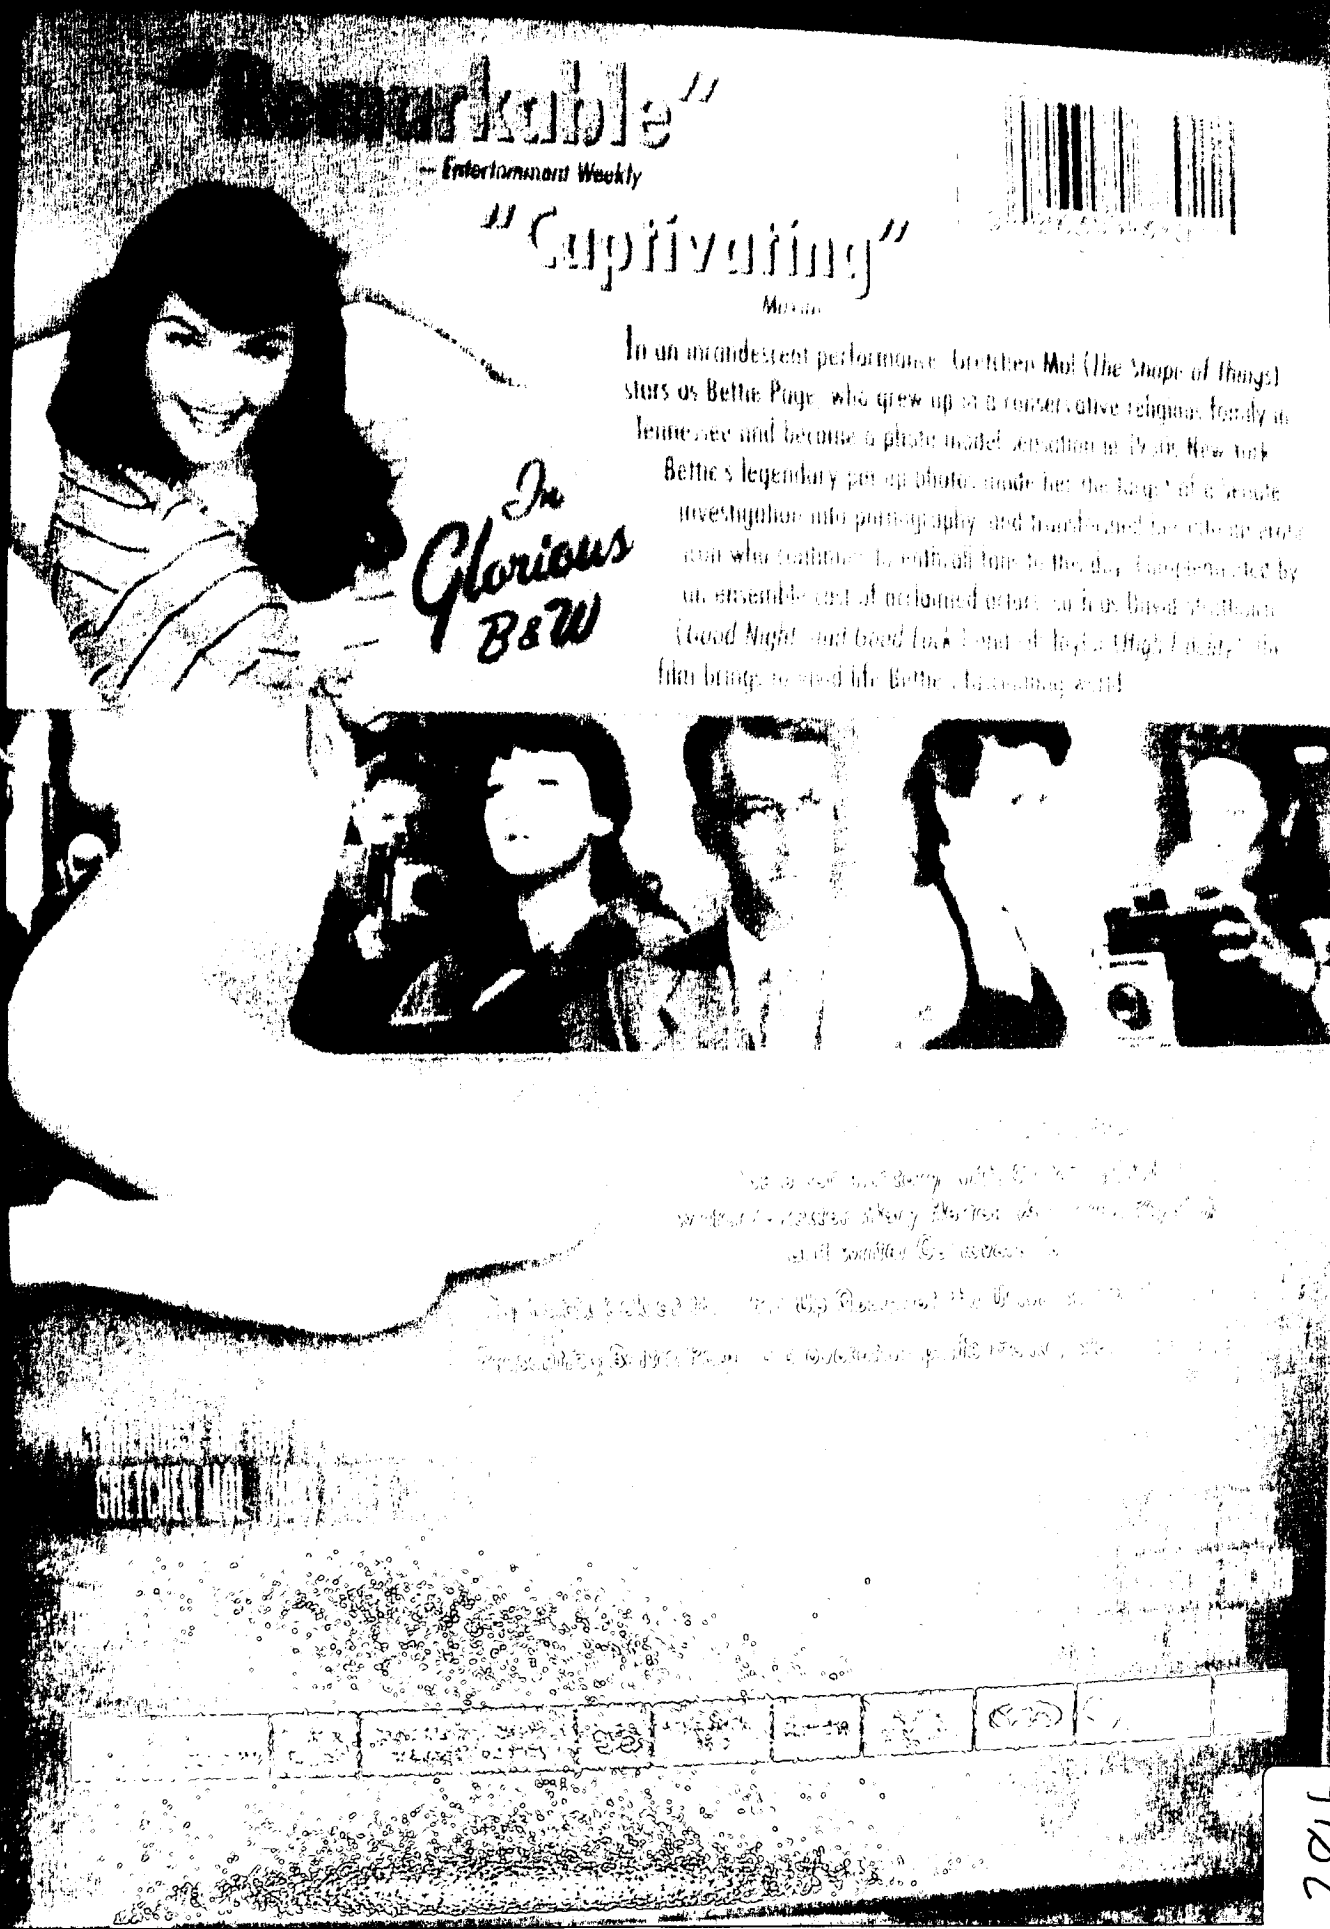

To help you decide when is the best time for you to retire, we offer a free booklet, *Social Security — Retirement Benefits* (Publication No. 05-10035), that provides specific information about retirement. You can calculate future retirement benefits on our website at www.socialsecurity.gov by using the *Social Security Benefit Calculators*. There are other free publications that you may find helpful, including:

- ▼ *Understanding The Benefits* (No. 05-10024) — a general explanation of all Social Security benefits;
- ▼ *How Your Retirement Benefit Is Figured* (No. 05-10070) — an explanation of how you can calculate your benefit;
- ▼ *The Windfall Elimination Provision* (No. 05-10045) — how it affects your retirement or disability benefits;
- ▼ *Government Pension Offset* (No. 05-10007) — explanation of a law that affects spouse's or widow(er)'s benefits; and
- ▼ *Identity Theft And Your Social Security Number* (No. 05-10064) — what to do if you're a victim of identity theft.

We also have other leaflets and fact sheets with information about specific topics such as military service, self-employment or foreign employment. You can request Social Security publications at www.socialsecurity.gov or by calling us at **1-800-772-1213**.

If you need more information—Visit www.socialsecurity.gov/mystatement on the Internet, contact any Social Security office, call **1-800-772-1213** or write to Social Security Administration, Office of Earnings Operations, P.O. Box 33026, Baltimore, MD 21290-3026. If you're deaf or hard of hearing, call **TTY 1-800-325-0778**. If you have questions about your personal information, you must provide your complete Social Security number. If your address is incorrect on this *Statement*, ask the Internal Revenue Service to send you a Form 8822. We don't keep your address if you're not receiving Social Security benefit.

In an understated performance, Gretchen Mol (*The Shape of Things*) stars as Bette Page, who grew up in a conservative religious family in Tennessee and became a photo model sensation in 1940s New York. Bette's legendary pin-up photos made her the target of a female investigation into pornography, and transformed her into an icon who continues to enthrall fans to this day. Co-starring with an ensemble cast of acclaimed actors, such as David Strathairn (*Good Night, and Good Luck*) and Jeff Bridges (*High Hopes*), the film brings to vivid life Bette's fascinating world.

"It is not just Bette, with her iconic pin-up photos, who is the star of the show. It is the story of her life, from her childhood in Tennessee to her rise to fame in New York City, and her ultimate downfall." — *Entertainment Weekly*

"The film is a beautiful and powerful portrait of a woman who was ahead of her time. It is a must-see for anyone who loves classic Hollywood cinema." — *Rolling Stone*

Daniel David Zuck,
Plaintiff,
vs.
Federal Bureau of Investigation,
Defendant.

Note: This motion being submitted on 7Aug2008 submitted yesterday, 6Aug2008. This re-submission of the 6Aug2008 motion, and the second page accompanying Memorandum of Points and Authorities with the 6Aug2008 submission, namely a 652 page paper and the certified print of the docket for 6Aug2008 motion be struck. Court, thank you and understanding.

End of this head note; now to the motion paper

To FBI's attorney Daniel Foore and the Notice is hereby given that I, Daniel David Zuck (the plaintiff as In-Pro-Per) default judgment of this motion so as to thereby give to me (the plaintiff) protection of my free speech. The first amendment of the U.S. constitution is the complaint for 08CV476HLSLSP--from any interference

CASE NO. 08CV476HLS
Plaintiff,
vs.
Federal Bureau of Investigation,
Defendant.
Date: *Not scheduled yet*
Time: *Plaintiff's 7:00 AM*

(font change from (b))

Note: This motion being submitted on 7Aug2008 is a re-submission of the motion submitted yesterday, 6Aug2008. This re-submission is to correct two problems with the previous submission. The first problem was a lack of signature at the end of the 6Aug2008 motion, and the second problem was the lack of an accompanying Memorandum of Points and Authorities. Two other items submitted with the 6Aug2008 submission, namely a 652 page paper and a certified print of the docket for this case are not being re-submitted, and the desire is that that 652 page paper and the certified print of the docket shall not be struck, but only the 6Aug2008 motion be struck. Court, thank you very much for your magnanimity and understanding.

End of this head note; now to the motion proper.

To FBI's attorney Daniel Foore and the Court mentioned above.

Notice is hereby given that I, Daniel David Zuck, am requesting of the Court that (the plaintiff as In-Pro-Per) default judgement be rendered per the further text of this motion so as to thereby give to me (the plaintiff) default judgement providing profound protection of my free speech. The original complaint mentions a violation of the first amendment of the U.S. constitution by the FBI in the original filing of the complaint for 08CV476HLS—from any interference covertly or overtly by the FBI.
